Dear Professor Suzuki

**JOURNAL OF SOLID STATE CHEMISTRY – Most Requested Articles, 2006**

I am delighted to inform you that one of your papers has been recognised as a "top-25 most downloaded" article from *Journal of Solid State Chemistry (JSSC)* on ScienceDirect during 2006.

**Syntheses of TiO<sub>2</sub>(B) nanowires and TiO<sub>2</sub> anatase nanowires by hydrothermal and post-heat treatments**  
*Journal of Solid State Chemistry* Vol.178:7 2179-2185pp 01-Jul-2005  
Yoshida, R.; Suzuki, Y.; Yoshikawa, S.

To put this achievement into some context:

- 1 Over 40,000 full text articles are downloaded from JSSC each month (that's almost one every minute).
- 2 Over 4,500 institutes currently take JSSC online via ScienceDirect, providing unparalleled worldwide access to the journal's content.
- 3 Approximately 15,000 scientists access the journal online, every month.
- 4 ScienceDirect is the world's largest electronic collection of science, technology and medicine full text information – with over 8 million articles accessible online.

May I take this opportunity to thank you for submitting your paper to the *Journal of Solid State Chemistry*. I hope the publishing experience was to your satisfaction, and you will consider submitting your next manuscript to this important international journal (online submission at: <http://ees.elsevier.com/yjsse>).

Yours sincerely,

**James Milne PhD**
